## **UPDATE: THE LIGHTS MUST GO ON**

#### Let's Not Leave Our Kids in the Dark

The capital campaign to raise \$45,000 for a new lighting system for the major baseball field has reached a little over half of its goal. "We still need to raise \$20,000 more to pay for the new lighting," said Kristin Caringi, Lighting Committee Chairperson. During a storm last July, one of the light poles was damaged. Unfortunately, they cannot replace just one pole because new regulations require installing an entirely new lighting system.

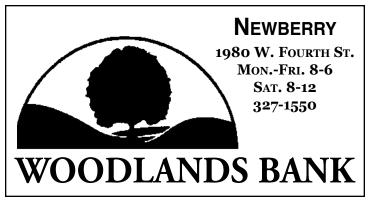

Please help us reach our goal by mailing your contribution to Newberry LL Lighting Fund, Care of: Kristin Caringi, Chairperson, 109 West Hills Drive, Williamsport, PA, 17701. Make checks payable to Newberry Little League.\* For more information email: nlckrc@comcast.net or call 570-419-4921.

## CHRISTY A. HABERSTROH

**AUGUST 10, 1955 - MARCH 22, 2013** 

The infectious smile, optimism and zest for life that personified Christy Haberstroh, will be missed by her family, friends and community. Her passion to serve extended beyond her immediate family to her Newberry neighborhood and the City of Williamsport.

By executive order Mayor Gabriel J. Campana required the city flag to be flown at half-staff for one week

to honor Christy, his devoted administrative assistant. "Our city has lost a kind soul," Campana said. "Christy was an unselfish wife, mother, grandmother and a positive city employee who dedicated her life to making Williamsport a better place. She will never be forgotten and is now one of God's angels."

Meet at Old Lycoming Fire Hall on Dewey Avenue, Sunday, May 5th. Registration is 1:00 PM. Starts at 2:00 PM to journey on the bike path to the Lycoming Creek Lions Social Hall where lunch will be served.

#### **Annual Lions Fair & Parade**

The Newberry Lions regret that they must cancel their Annual Fair & Parade this year. A spokesperson for the Newberry club cited several reasons for the decision; the inablilty to procure a ride vendor for the scheduled "carnival week" dates and declining active membership participation. "We would not be able to offer the same quality of fun and entertainment that the community has come to expect," he said.

If you are interested in returning this tradition to our community next year, please contact any Lion member to volunteer or become an active member.

All Newberry Lions fundraising efforts support many state and local charities for the blind as well as the Newberry Little League and West End Babe Ruth Baseball.

### **West Branch School**

### Friendships Blooming at West Branch School's Summer Branches

While most schools are packing up their supplies come summertime, West Branch School in Newberry is gearing up for Summer Branches. The program is five weeks of summer camps focusing on educational and creative classes, taught by dedicated instructors from our community and beyond. With themes such as science, visual arts, performance arts, fitness and cooking, there is something for everyone.

As a WBS parent, Summer Branches instructor and Newberry resident, I get the unique opportunity to watch the school transition every June from an extraordinary school to exciting summer camps. Every summer I am thrilled to be part of the variety of camps we offer, as well as meet the wonderful children that join them. I love sharing my passion for art, folklore and history with students, but the thing that always delights me most is watching new friendships bloom.

One such story is the summer I taught Egyptian art and history. During the class, we discussed the importance of symbology to ancient Egyptians and made complementing artwork. Along with learning traditional Egyptian hieroglyphics and symbols, the students were asked to create several pieces that incorporated symbols important to them. Two students, both inquisitive and spirited young ladies, began the week debating whether or not is was OK to compliment each other's artwork and symbols because they came from very different religious backgrounds, which their pieces reflected. With respect, these remarkable young ladies continued to check on each other's work and compare ideas. By Wednesday, they were complimenting one another and asking fun get-to-know-you questions at lunch. By Friday, they were creating alongside each other, chatting about music and hobbies and giggling joyfully like, well, children. Showing everyone around them that learning has no boundaries and neither do friendships.

Summer Branches runs June 17-July 19 and has options for children ages 4-12. For info call 323-5498 or e-mail us at **westbranch@comcast.net**.

And remember to visit our **Annual Fair & Music Festival** on **Saturday**, **May 11th**! All the familiar food, along with a kid's area and our ever-popular raffle! We hope to see you there!

## REMEMBERING DANNY HOFFER

#### MAY 8, 1966 - NOVEMBER 5, 2012

Danny Hoffer was his name, making my life better was his game. My name is Jean (Hostrander) Hoffman better known to Danny as his second mom or Jeannie- girl.

One day while visiting family, I met Danny who lived next door at 2400 Dove Street. Danny was this plump, friendly, always smiling guy who had Downs Syndrome, and could warm your heart the minute you met him. That day led me to taking care of Danny for the next 12 years.

His mother Louise wasn't feeling well and needed someone to take care of Danny while she went into the hospital. We talked about Danny.
Who would care for him if something happened to her? His siblings lived out of town and it would be very difficult for Danny to adapt to a major move.

Fran Decker, Social Coordinator for Albrig Danny with a Volunt held at the LIFE Cer Danny was very except award for his efforts.

In my heart I knew that I really wanted to help Louise out. I talked to her about taking care of Danny while she had medical tests done. She couldn't have been happier. Louise was very protective of Danny but realized that she needed to take care of herself for Danny's sake.

Meanwhile, this 35 year old man was staring me right in the face. He started asking "What be happening? I

go with you? Do I need my suitcase? How about my jamies? You take me to work?" This meek man just turned into Mr. Questions of the World. He was so excited, yet worried about his mom. "I not too sure about Mom, will she be okay? What we be having for supper?" He went from one thing to the next but always seemed to end up asking about food. "I tell all my friends that I be with you Jean until my mom comes home."

The week he stayed with me was the most fun-filled joyous time for me. Here I was, taking care of a person with Downs Syndrome and loving every minute of it. By the end of the week, Danny taught me so much about himself; how kind and gentle he was and how amazing his thought processes were. Danny's speech was hard to understand at first, but I learned to listen and eventually, figured out what he was trying to tell me. He would leave out certain words, but by listening, I learned to see everything as he did. It was truly amazing.

His mother's tests revealed that she had a brain aneurism; the prognosis was not good. This news prompted Louise into action. She needed find someone or somewhere to place Danny in case something happened to her.

Fran Decker, Social Worker and Volunteer Coordinator for Albright LIFE presented Danny with a Volunteer Award at a ceremony held at the LIFE Center. As you can see Danny was very excited to receive such an award for his efforts.

We learned that Hope Enterprises offered a "Family Living" program. I went through the necessary personal training and had my house licensed by the state to be able to invite Danny into my home to live – sharing my life with him. Initially, Danny came for visits a few days a week; he worked his way up to staying the week with me and weekends with his mother. After some time Danny was living with me fulltime.

The Family Living program was a whole new life for Danny. He began to make his own decisions about what to wear, eat and drink. He received the "Family Living Award" for all the accomplishments he made in his first year while his mother was still living. He learned to bake a cake, cook his own omelet, make his bed and do his laundry. Louise was, "Oh, so proud of him"! He even had a girlfriend, named, "Kathlene", who brightened up his day just by being at work with him. Danny would call her "sweetie pie", and she would respond, yes, "honey bear". They were quite the pair.

Through the years Danny volunteered at numerous businesses

and organizations such as; Albright LIFE Lycoming/ Clinton, Valley View Nursing Home, Hepburnville & Trout Run Volunteer Fire Company. He also helped raise money and donations for Aids Resource Center.

Danny added so much to my life that I wish everyone could experience the love, gentleness and sensitivity that was shown to me by him for 12 years. I will always cherish my memories of him.

This special guy from Dove Street made his neighborhood a better place; the neighborhood was his home and he loved his "next door" neighbors; especially Mary Mileto for all her hugs, Aunt Sara, Uncle Merrill, Mark, Lisa, Dave, Jake and Mr. Smith. Special thanks to Larry Sanders for his kindness with limo rides, the Esposit family for loving Danny so much; "Miss Mansfield", "WeeWee", "Baldy" the bus driver, and everyone in Newberry who touched Danny's life and allowed him to touch yours. Special thanks to "The Hostranders", who lovingly welcomed Danny into our family.

His memory will live in our hearts forever! I love you Danny Boy, Love, your second Mom!

## WILLIAMSPORT BUREAU OF FIRE

PREVENTION . EDUCATION INVESTIGATION

Too many times, the Williamsport Fire Department responds to structure fires that could have been caught in earlier stages, saving lives and property. Upon investigating these fires, smoke alarms have been found in cupboards, drawers, boxes, and sitting on dressers. Most were intentionally disconnected from mounting bracket and or had the battery removed.

To add insult to injury, these residents not only will suffer injury, lose property, and possibly life, but be fined and face jail time. Yes, you read that right! Article 1517.16 of Williamsport's Fire Prevention Code (Ord. 6202. Approved 12-8-2011.) refers to the International Fire Code Section 901.8 Removal of or tampering with equipment.

It shall be unlawful for any person to remove, tamper with or otherwise disturb any fire hydrant, fire detection and alarm system, fire suppression system, or other fire appliance required by this code except for the purpose of extinguishing fire, training purposes, recharging or making necessary repairs, or when approved by the fire code official.

The penalty for this violation is defined in Williamsport FPC Article 1517.99

Whoever violates any provision of this article shall be fined not less than \$150 not more than \$1,000 or imprisoned not more than 90 days, or both.

Not only is this a criminal offense, but an offender could be found civilly liable also. Recently, it was determined through a thorough scientific investigation that a fire was caused by unattended cooking. The tenants denied they had accidentally turned on the wrong burner for reasons we can only assume was their fear of liability. What they failed to realize was

that they were not liable for an accident, but were in trouble for removing and disabling the smoke alarms in the home they rented.

As is often the case tenants of rental properties do not have insurance. They don't realize how inexpensive renter's insurance is. For example, a policy for coverage of \$20,000 to \$50,000 could cost between \$10 and \$35 a month. That averages out to between 33¢ and \$1.15 per day! That's less than a cup of coffee and saves a lot of headaches!

Smoke alarms and their batteries are the responsibility of the landlord to provide. However, notifying (IN WRITING) the landlord of a deficient detector is the responsibility of the tenant. Landlords should include in the lease, permission to enter the property at least every two or three months, to ensure good housekeeping is being maintained, safety features such as smoke alarms are in good working order, and to build a cordial rapport with their tenant.

The Williamsport Fire Department is available 24/7/365 to answer any questions or concerns any citizen may have. For assistance, call Assistant Chief Todd Heckman (329-3820), Inspector Sam Aungst (329-3821), or Fire Headquarters (327-5905).

# THE BILLTOWN FILM FESTIVAL RETURNS FOR 4TH YEAR

April 28-30, 2013

In years past, the festival was organized around a central theme. BFF4 won't have one this year. Organizers hope to attract larger audiences by having an open selection of films that covers several important social topics. Critics of the festival were concerned that works of local filmmakers would be constrained to specific topics. To answer that criticism, Richard C. James, founder, and the BFF Executive Committee have decided to adopt a "No Theme" theme for the organization's fourth annual event. "We listen carefully to our sponsors, supporters, and filmmakers as we continue to grow and learn. We especially listen to our audiences." James said.

Last year, The Billtown Film Festival raised funds for the local YWCA and the Breast Cancer Fund by partnering with LUNAFEST, a traveling film festival. But unlike last year, **BFF4 WILL BE FREE AND OPEN TO THE PUBLIC. THAT'S RIGHT NO ADMISSION CHARGE!** 

The Billtown Film Festival is designed to bring independent films to Williamsport, and to encourage local filmmakers to create new and exciting works. This year BFF is pleased to announce that it will host the 25th Anniversary screening of Lise Yasui's Oscar nominated "A Family Gathering". Richard James explained, "The Yasui family is very important to Williamsport. Lise's father, Dr, Robert Yasui, served this community for many years. Sadly, he passed away last year. The film tells of the family's struggle against and ultimate victory over racism and prejudice during the World War II years. Although the film has been aired on PBS, it hasn't been seen for several years."

The Billtown Film Festival will also show the art scene in York, Pennsylvania. In 2008, Williamsport hosted the Governor's Arts Awards. The following year in 2009, the awards ceremony was held in York Pa. But budget cuts threatened to derail the event. It is interesting to see how other towns' creative community are dealing with funding shortfalls and budget crises. The film by Brian Plow "A Day in the Sun", is sure to inspire a little creative rivalry between Williamsport and York.

### A MAY DAY BASKET

#### Remembering May 1st

May First, also known as May Day, was celebrated in more special ways in years gone by. I remember being envious upon hearing stories about May Queen pageants, May Pole dances and spring festivals. When we were in fourth grade we learned about another tradition, the May Basket. With this custom

a basket is filled with flowers, hung on the recipient's door and then the giver rings the bell and runs away. My best friend Sue and I thought this was a great idea.

As a preacher's daughter, Sue knew of different shut-in parishioners that lived in the neighborhood. One lady in particular, Helen an elderly, blind woman who lived alone would really appreciate being remembered on May Day.

That year the lilacs in my back yard were in full bloom. Even though Helen would not be able to see the flowers she certainly would enjoy their sweet scent. Sue and I cut several of the fragrant blossoms and placed them in one of the baskets that we had made from construction paper at school. We walked the few blocks to King Street where Helen lived. Sue, being the braver of us two, did the honors of hanging the basket and ringing the bell. We then ran across the street, hid behind a bush and waited.

After a short bit, Helen appeared at the door. She seemed confused. No one was there. But then she must have noticed the perfume of the lilacs. She reached and found the crafted basket filled with May Day flowers. She smiled and exclaimed, "How lovely" followed by, "Thank you!"

Sue and I looked at each other and giggled. Sue then came out from behind the bush with me following. She called out, "It's me, Helen. Sue, from church with my friend, Billie." When we reached the porch Helen invited us in for cookies and milk. Sue and I decided it was the best May Day ever!

# Greater Lycoming Habitat for Humanity

The Newberry Community Partnership (NCP) is looking forward to working with and supporting Greater Lycoming Habitat's efforts in our neighborhood to provide an opportunity for homeowners to participate in a new housing preservation initiative called *A Brush with Kindness*. The NCP will assist in neighborhood outreach and encourage volunteer participation.

#### A BRUSH WITH KINDNESS QUICK FACTS

- A Brush with Kindness is a nation-wide effort to serve low-income homeowners who struggle to maintain the exterior of their homes.
- A *Brush with Kindness* will focus on exterior home repair services such as minor exterior repairs, landscaping, and exterior clean-up. Groups of 10-20 volunteers work alongside the homeowner to revitalize a home's exterior. Team leaders make the experience of helping others a positive one.
- A *Brush with Kindness* is a partner to Habitat's core building program. It allows us to serve a different population than we currently serve, yet follows the same basic tenets for eligibility (need, ability to pay, willingness to partner). It is a direct fit with HFHI's strategic plan to exponentially increase the number of families served.
- A Brush with Kindness uses volunteers, donated materials and no interest loans to make repairs affordable, helping low-income homeowners continue to live independently and securely in their homes.
- A *Brush with Kindness* is part of Habitat's broader community development strategy called the Neighborhood Revitalization Initiative. The Neighborhood Revitalization Initiative is designed to intentionally pursue our strategic imperative of helping to transform and strengthen communities. It

## **A BRUSH WITH KINDNESS**

is a holistic approach that revitalizes the appearance of the neighborhood, encourages connections within the community, and most importantly, helps preserve affordable housing stock.

• HFHI supports the affiliate with training, an on-line forum, the sharing of best practices and assistance in forming local partnerships.

#### **BENEFITS TO HFH AFFILIATES**

- 1. Increases the number of families living in safe, decent, affordable housing.
- 2. Increases the number of volunteer opportunities for current volunteers.
- 3. Expands the base of volunteers by providing a different type of opportunity.
- 4. Keeps current sponsors engaged with additional opportunities for smaller projects.
- 5. Increases the number of new sponsors by offering a different type of sponsorship opportunity.
- 6. Creates opportunities to develop cooperative relationships within the community (neighborhood churches, community organizations, city/county governments, local businesses, schools, etc.).

## **NEWBERRY ESTATES RECEIVES NATIONAL RECOGNITION**

Receives 2012 Exemplary Family Development Award

Newberry Estates, has received the 2012 award in the EXEMPLARY FAMILY DEVELOPMENT category at the annual winter meeting of the National Affordable Housing Management Association (NAHMA) held in March in Washington DC. Only four Communities of Quality® (COQ) categories and winners are awarded nationwide. The COQ award submissions are meant to draw attention to the high quality for which much affordable housing should be known," said Gianna Solari, President of NAHMA. "From the buildings and grounds to the individual apartments to the programs and services aimed at bettering the lives of residents, these winners exemplify the asset that affordable housing is for thousands of communities across the country." "It's quite an accomplishment to be named a National Community of Quality® Award winner," said NAHMA Executive Director Kris Cook. "The process is competitive and takes into account not just a property's structure and appearance, but the quality of its management and staff, finances, compliance scores, and other factors."

Newberry Estates, located at 2500 Federal Avenue in Williamsport's west end, is a 200-unit, garden-style apartment complex whose unofficial motto is "We Build Community." To do this, residents benefit from superb property maintenance; exceptional and professional management; expanded resident services; community outreach and an appreciation of every family who lives there. Its community center and Neighborhood Networks Center provide a hub for a number of programs, including financial literacy classes, tutoring, book clubs, scouting, social events, parenting instruction, family nights and more.

Especially positive and impactful is Newberry
Estates' 1-2-3 Playgroup, which teaches young parents
how to play and interact with their young children.
Newberry Estates' staff is especially proud to have
regularly had a NAHMA scholarship recipient among its
residents. Among its unique programs is its annual
Hometown Hero Luncheon, which honors local law
enforcement and emergency services personnel. They

give Newberry Estates the opportunity to showcase both the site and its residents and break down often-negative stereotypes about affordable housing.

Local businesses support Newberry Estates by way of monetary donations as well as goods and services. In cooperation with management, Newberry Estates' residents volunteer to help organize programs and events, staff the library and provide tutoring to children. Such interaction leads to long-term retention rates as well as positive outcomes for residents.

Congratulations to the management, staff and residents for this achievement!
